DEVI® by Danfoss

Experience luxurious warm floors with a floor heating system from DEVI, the perfect choice when building or renovating

DEVI Heating Systems use radiant heat to warm your home from the floor up. Rather than blow dry, dusty air around the house, DEVI floor heating provides a pleasant warmth for your feet and body by warming the floor surface. This is the perfect finishing touch to any room in your home.

Electric floor heating goes particularly well under hard floor surfaces and does not take up valuable floor or wall space. One of the great advantages of floor heating in bathrooms is that heat is not lost in the exhaust air, as seen with convetion heating. In addition, floor heating is hidden from view and does not take up valuable space. This form of heating considerably reduces the amount of traveling dust particles which is a great relief to allergy and asthma sufferers.

Our thermostats allow you to heat specific rooms independently and can be programmed to automatically meet your weekday and weekend lifestyle.

Pure comfort is far from the only reason to choose DEVI floor heating. DEVI offers flexibility, durability, minimal energy consumption and comes with a warranty that is second to none.

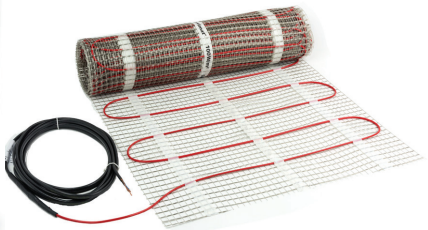
Why Choose DEVI Heating Systems?

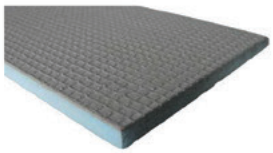
- ✔ Total comfort heating
- ✔ No ducts, radiators or vents
- ✔ Hidden from view and does not take up valuable space
- ✔ Can be applied under any surfaces
- ✔ Minimal energy consumption
- ✔ Maintenance free
- ✔ Silent and safe
- ✔ Easy and inexpensive to install
- ✔ Reliable after-sales service and support
- ✔ 20-year manufacturer's warranty on cables and mats
- ✔ 2-year manufacturer's warranty on analogue thermostats
- ✔ 5-year manufacturer's warranty on digital thermostats (DEVIreg™ Smart & DEVIreg™ Touch)

DEVI - The Leading Brand

DEVI has been involved in the heating industry since 1942 and is the world's largest electric heating cable supplier, offering a complete range of floor heating products worldwide, through Danfoss.

DEVImats™ are self-adhesive, easy to install and produce superior results.





Ask about our insulation, recommended for particular systems to reduce downward heat loss and increase efficiency, saving YOU money!

*DEVIreg™ Smart

The DEVIreg™ Smart is an intuitive programmable timer thermostat to be connected to WIFI and DEVIsmart™ App controllable from anywhere, at any time.

DEVI started in Denmark 1942 and is the leading brand of quality electric cable heating products, worldwide. In 2003 DEVI became part of the Danfoss Group. Danfoss is one of the world's leading companies within heating, cooling and air-conditioning. The Danfoss group has more than 23,000 employees and serves customers in more than 100 countries.

Floor Heating Options

In Slab

In Slab 'storage' heating is suitable for one room or the whole house, providing economical warmth. It can be installed under just about any floor covering available including carpet, timber, tiles, stone as well as polished and tinted concrete floors.

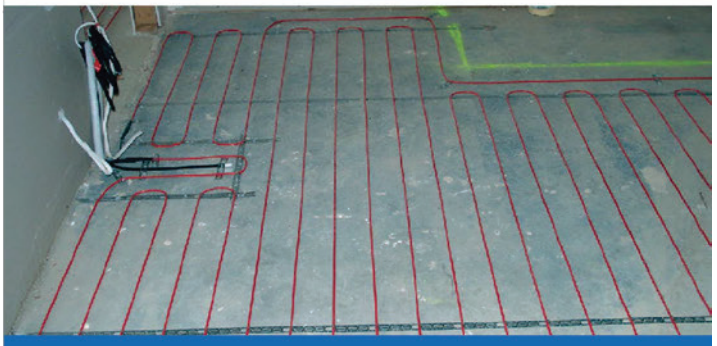
Recommended Product
- DEVIflex™ range of cables.
- DEVIsnow™ range of cables.

In Slab

In Screed

In Screed "demand" heating can be installed under most floor coverings including carpet, timber, tiles and stone. Cables are embedded into a 20-25mm thick sand and cement screed bed.

Recommended Product
- DEVIflex™ range of cables.

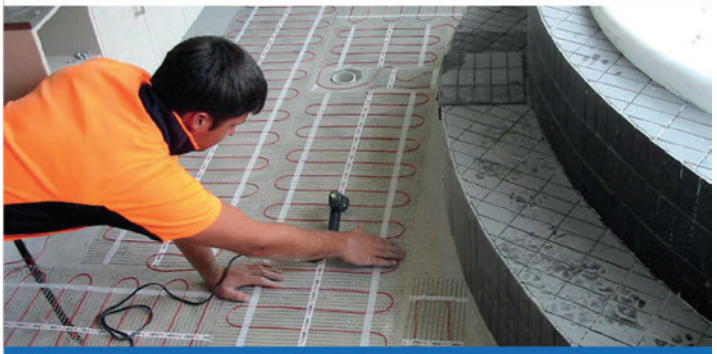


In Screed

Embedded in Tile Adhesive

These systems deliver warmth on demand. It can be installed almost anywhere, even on top of an existing tiled floor, and is designed to be laid directly under the tiles in an adhesive bed. They add a minimal increase in floor height.

Recommended Product
- DEVImat™.



Embedded in Tile Adhesive

Insulated Heating Panels for Under Floating Floors

These systems are recommended for use under manufactured floating timber floors. The panel's polystyrene insulation ensures that any heat loss downwards is minimised and its aluminium surface ensures a uniform distribution of heat transfer to the timber floor.

Recommended Product
- DEVIcell™.

Insulated Heating Panels for Under Floating Floors

Decades of Experience

DEVI provides complete technical support and after-sales care. All mats and cables are supplied with a 20 year manufacturer's warranty and thermostats are supplied with a 2 to 5 year manufacturer's warranty.

DEVI is the leading brand in floor heating and has achieved this position through a no-compromise commitment to provide advanced and user friendly systems.

Danfoss (Australia) PROPRIETARY LIMITED is a Registered Responsible Supplier to sell In-scope electrical equipment within EESS participating jurisdictions.

We would be delighted to design a world-class radiant heating system for your home. Contact us for an obligation free quote.

DEVIweb™

DEVIweb™ is a Web based control of DEVIreg™ Smart acting as multifunctional thermostats and switches. With new DEVIweb™, owners and administrators may easily control heating in large buildings, get chance to increase comfort and satisfaction of their guests saving money! In addition, using DEVIweb™ owners get innovative possibilities to use their current DEVIreg™ Smart Systems, manage on/off applications using timer-equipped relay Switch function to any electric device, have central control to the system from everywhere and ensure energy saving in average 30%.
