

Schwank Gas Radiant Tube Heaters

High Efficiency Industrial Heating
that Saves on Running Costs

The Schwank Group:

- ✓ Worldwide market leader
- ✓ Over 75 years of experience
- ✓ Inventor of infrared gas heaters
- ✓ Substantial savings
- ✓ Up to 50% less energy consumption
- ✓ High return on investment
- ✓ Reduced CO2
- ✓ Award winning efficiency

THE ADVANTAGES

- ✓ Exceptionally high economic efficiency
- ✓ Uniform and comfortable heat distribution
- ✓ Short warm-up times
- ✓ Long-life cycle and high comfort
- ✓ No dust swirls or draughty air
- ✓ Quality "Made in Germany"
- ✓ Burner technology: Whisper-Jet - A premium class burner
 - ✓ Long, laminar flame for improved heat transfer inside the tube
 - ✓ Pressure fan design to increase the life cycle of components
 - ✓ Operation as quiet as a whisper through optimised flow characteristic inside the burner
 - ✓ 2-stage as well as modulating operation to reduce operating costs
 - ✓ Patented Schwank ceramic burner tile for the clean combustion of the gas-air-mixture

QUALITY

- ✓ Made in Germany
- ✓ Highest grade materials
- ✓ Cutting edge technology
- ✓ Rigorous testing standards

Worldwide Market Leader in Industrial Heating
