Rinnai

Outdoor Radiant Heaters

Electric

Radiant comfort all year round

At Rinnai, we're all about comfort

For over 50 years, Rinnai has supplied Australian homes with a range of appliances that help people lead comfortable, safe and efficient lifestyles.

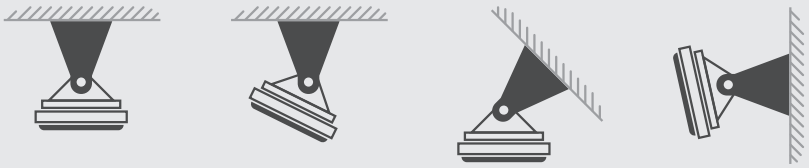
Being driven to create comfort means that we really care about our products and your experience from start to finish. We're focused on developing products with the latest technology and our level of quality is second-to-none, so you can rest assured knowing Rinnai will deliver.

The Rinnai Outdoor Radiant Heater range offers the latest technology in premium, outdoor electric heating.

Inspired by the sun, the heater sends down beams of gentle warmth directly to objects and people, rather than blowing hot air that escapes.

Whether you want to barbecue in the colder months, or simply enjoy a night cap on the deck with a loved one, the Outdoor Radiant Heaters create a relaxed, ambient atmosphere so you can make full use of your outdoor space regardless of the weather.

Mounting Options



Horizontal Ceiling Mount

Angled Horizontal Ceiling Mount

Inclined Ceiling Mount

Vertical Wall Mount

Mounting brackets are included with your purchase for easy installation in a variety of positions. Depending on the area and the available space, you may want to mount the heater on either the wall or the ceiling.

Features and Benefits

3 YEAR WARRANTY* DOMESTIC USE

Sleek Design
Attractive radiant heater with contemporary design aesthetics.

Multiple Applications
Ideal for various applications including alfresco entertaining areas, balconies, restaurants, hotels and more.

Easy-to-use Remote
With convenient timer function for ultimate comfort control.

Quiet Operation
Conversation and laughter around the table are not interrupted by loud fan operation or blowing hot air.

Wi-Fi Control
Conveniently control your heater using any Wi-Fi enabled mobile device.

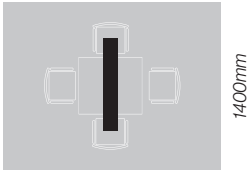
Even Warmth
Cosy, radiant heat creates an even blanket of warmth and a relaxed ambiance.

Quality Construction
Corrosion-resistant materials designed to maintain both appearance and efficiency throughout its lifetime.

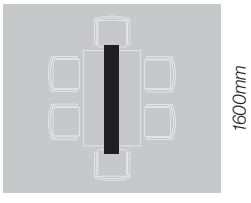
Made for Australian Conditions
Class leading protection from dust and rain (IP65).

Simple Installation & Operation
Easy integration into existing buildings or for new project builds and are virtually maintenance-free.

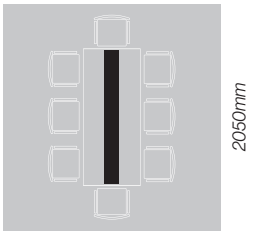
Outdoor Sizing Options



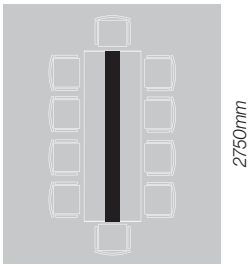
Small
1500W Outdoor Radiant Heaters
(ORH15WF)



Medium
1800W Outdoor Radiant Heaters
(ORH18WF)



Large
2400W Outdoor Radiant Heaters
(ORH24WF)



Extra Large
3200W Outdoor Radiant Heaters
(ORH32WF)

Rinnai's Outdoor Radiant Heaters provide direct warmth to objects and people in its path. For instance, you may only use the area around your outdoor furniture, therefore heating the area around the furniture is more efficient than the entire large space. For those areas that are exposed to the elements on a chilly mid-winter night, the electric range of Rinnai Outdoor Radiant Heaters may not be suitable.
